

WIN a Motorola E380 and

A CLEO PROMOTION

funkify yourself!

Funky, futuristic and fun, the Motorola E380 is certain to make you the centre of attention wherever you go

The Motorola E380 sets new standards in mobile phone design with its vibration and lighting effects which react to the sound of your ring tone or, even better, just to the sound of music around you! This is one phone that might even show you a move or two on the floor! Adjust the lighting to reflect your personal style or program special contacts with a colour all of their own for colour-coded caller ID.

Its not just a fashion accessory though. When the fun stops and things get serious, the E380's internet* and organisational functionality including calendar and date book make it the perfect accessory for the aspiring professional, helping you to walk the walk as well as talk the talk.

PICK UP THE VIBE

A phone that moves as well as you do:

- Vibe sync links the phone's vibration and rhythm lighting to surrounding sounds and beats or incoming calls
- Vibe sync can also be programmed to add bumps and jitters when you play games
